

About the instructor

Introduction

- In this video, we got to know **Henry Habib**, our instructor for this course.
- Henry shared a bit about his background and professional journey.

Professional Background

- Henry is an **automation and productivity consultant**.
- He specializes in making businesses more efficient through **no-code automation** and **generative AI**.
- Passionate about learning, Henry stays updated with the latest technologies and trends.

Expertise and Interests

- As an **early adopter**, he eagerly explores new models, agent frameworks, and technologies like **MCB technology**.
- Henry enjoys simplifying complex concepts into easily understandable lessons.

Role as an Instructor

- He is an **online instructor** with a love for teaching.
- Teaching isn't his full-time role, but it's a passion through which he shares his knowledge.

Course Feedback

- Henry encouraged us to **rate the course** to help him improve and reach more learners.
- Feedback is crucial for him to refine his online teaching skills.

Conclusion

- With his blend of professional expertise and a passion for teaching, Henry is excited to guide us through this course.
- We're looking forward to learning from him in the upcoming videos!
